Dear Readers,

It's hard to believe another high school baseball season is upon us again. It seemed the last one just ended, or maybe it's just me. Last year was fun and 2020 should be as good or better.

We watched four high school programs – Tattnell Square, Gordon Lee, Loganville and Parkview – go back-to-back. For Loganville, it was the Red Devils' third straight. And we saw Heritage-Conyers, Northside-Columbus and Pike County win their first state baseball titles. In Class 2A, Jeff Davis won its second championship in three years.

It won't be surprising to see several of them repeat. But that is another story for another day.

Georgia as a whole seems to keep getting better and better, and is one of the best state's nationally at producing talent. I had a scout tell me recently that Georgia high school baseball is as good as tradition-rich states such as Texas, California and Florida, long considered the breeding-ground for most Major League Baseball rosters.

Who knows what will happen in 2020. Hopefully this magazine will give you something to talk about while we anticipate another season. As always, I thank my family (Stacy and Olivia) for their help in this task and ultimately, I thank my wonderful Lord & Saviour Jesus Christ for guidance and wisdom. Without him in my life and his guidance, you certainly wouldn't be reading this magazine. It's as simple as that.

Thanks for taking time to read this publication. We hope it's the most comprehensive guide to high school baseball in Georgia you can find.

Sincerely,

Tim Morse

Parker Meadows, Grayson

Following in his brother Austin's footsteps, Meadows was an exciting player to watch. As a senior, he batted .342 with five homers, 30 RBIs and 39 runs before getting drafted by Detroit. Graduated in 2018.

Christin Stewart, Providence Christian

Pure power hitter whose 69 career homers tied Micah Owings for the state record. As a senior, he batted .460 with 15 homers and 37 RBIs to lead Providence to the Class 1A state title. As a junior, he hit .500 with 26 homers and 70 RBIs. Graduated in 2012.

Drew Waters, Etowah

Drew Waters, Etowah

The 2017 Georgia Gatorade Player of the Year helped Etowah win the Class 7A state championship as a senior where he batted .516 with 15 homers and 40 RBIs. Waters' bat was strong but his defense was just as impressive. Graduated in 2017.

Utility

Seth Beer, Lambert

There wasn't much he didn't do at Lambert. The two-time Under Armour All-American led Lambert to its first state championship in 2014 where he batted .589 with 21 doubles, 10 homers and 56 RBIs as a sophomore. He continued to dominate as a junior in 2015 where he batted .560 with 41 RBIs. Graduated in 2015.

Joseph Brandon, Loganville

Brandon was a dominant pitcher and strong infielder. He helped Loganville to a state runner-

up finish in 2016 and back-to-back state titles in 2017 and '18. In 2017, he tossed three no-hitters and finished with a 0.85 ERA while striking out 103 in 72 innings. Graduated in 2018.

Kaleb Cowart, Cook (Photo by Emrich Photography)

Kaleb Cowart, Cook

The 2010 Georgia Gatorade Player of the Year pitched and played infield. He was a four-year starter and helped Cook finish as the state runner-up in 2010. His senior season, he went 10-1 with a 1.05 ERA on the mound. At the plate, he batted .654 with 11 homers, 59 RBIs and stole 36 bases. Graduated in 2010.

Josh Hart, Parkview

Versatile outfielder was a standout for the Panthers. The speedster batted .449 with five homers, 29 RBIs and 33 stolen bases during his senior season. Graduated in 2013.

Kyle McCann, Lambert

Extremely talented athlete who helped Lambert win the state championship in 2014. McCann had an excellent bat but possessed a cannon arm behind the plate and often made his pitchers look good with his defensive skills. Graduated in 2016.

Cody Roberts, Blessed Trinity

Athletic catcher who played multiple positions. He had a strong arm and helped Blessed Trinity to back-to-back state titles in 2014 and '15. His senior year, Roberts batted better than .500. Graduated in 2015.

Schunk played major roles in helping Lovett win state titles in 2013 and '16. As a shortstop/pitcher, he batted .402 with 10 homers and 40 RBI and also went 8-4 with a 1.84 ERA as a senior. He batted .430 with 10 homers and 40 RBIs as a junior while going 8-1 with a 1.70 ERA on the mound. Graduated in 2016.

Best High School Team

Barely even five years old, Lambert High School rolled to its first state baseball championship in Georgia's highest classification in 2014. The Longhorns dominated, setting a state record for victories in a single season with 36. (That record has since been tied by two other programs.)

Lambert breezed through the regular season unbeaten at 26-0, then capped its special season by topping defending state champion Milton in the Georgia High School Association Class 6A state championship series. The team finished with a 36-2 record.

Head coach Jamie Corr said everyone had a role to play, and the only way the Longhorns won the championship was by everyone fulfilling their roles.

"We thought we might be pretty good," Corr said. "But it was our job as a staff not to let our team get too high on itself."

Lambert disposed of Mill Creek in the second round, then swept Luella and Parkview to make it to the final round where they topped Milton in three games.

The Longhorns were named national champions by USA Today and Collegiate Baseball Magazine and finished as national runner-up by Perfect Game. At least 13 players from that team signed college scholarships, while six signed with Division I programs led by outfielder/pitcher Seth Beer (Clemson), catcher Kyle McCann (Georgia Tech), outfielder/pitcher Tucker Maxwell (Georgia) and Jeremy Johnson (Auburn).

Seth Beer was one of many standouts to lead Lambert to a 36-2 record in 2014 and the Class 6A state title, then the state's highest classification.

Lambert defeated powerhouse programs Blessed Trinity and Houston County during the regular season, then went unbeaten at the USA Baseball Classic over spring break. In fact, the Longhorns swept Dacula in the first round of the state playoffs and were 28-0 before splitting with Mill Creek in the second round to halt their winning streak at 29.

Best High School Program – Large School

Editor's Note: To be nominated for this award, programs must have won a state championship during the decade (2010-19)

Parkview High School staked its claim as the best high school program of the decade (2010-19) among the state's largest schools. And the Panthers have the resume to prove it.

- Nine region titles
- Five state championships
- Three national titles
- An overall winning percentage of 81.8 percent

The Panthers boasted a combined record of 294-65 and their 2018 national championship squad by Baseball America set a school-record with 35 victories. The 2019 state championship team

finished with 36 victories and tied Blessed Trinity's 2017 squad and Lambert's 2014 team for the best all-time in Georgia.

Parkview's best run came between 2011 and 2015 when they played in the state championship

series for five straight seasons, winning three of them (2011, '12 and '15).

"Obviously from a program standpoint, we're very excited," Panthers coach Chan Brown told the Gwinnett Daily Post. "We're just proud of our kids, our community, our school, our coaches, everyone who helped support us. It was a group effort, and something we definitely hang our hat on."

Other Notables

Pope

Greyhounds have a dynasty of their own, winning state titles in 2013, '17 and '18. They also have two state runner-up finishes in 2016 and '19. Pope won 73.7 percent of its games and finished the decade with a combined record of 261-93.

Greenbrier

The program that dominated the late 1990s wasn't bad from 2010-19. The Wolfpack won 75.2 percent of their games and finished the decade with a combined record of 246-81. They won a state title in 2015 and had two state runner-up finishes (2012, '13) and a semifinal trip in 2014.

Walton

One of Cobb County's powerhouse programs, the Raiders finished the decade with a combined record of 224-102 and captured a state title in 2016. They finished as state runner-up in 2015 and made the semifinals in 2013.

Editor's Note: To be nominated for this award, programs must have won a state championship during the decade (2010-19)

Even though Blessed Trinity is the best among medium-sized schools, the Titans won more games than any other program in Georgia during the decade (2010-19). Blessed Trinity won 299 games and lost just 67, a winning percentage of 81.7.

Blessed Trinity won 24 or more games every season during the past 10 years. Starting in 2015, the Titans won 30 or more for the next five seasons. Their resume includes back-to-back state titles in 2014 and 2015, state runner-up finishes in 2016 and 2017, four trips to the state semifinals and a pair of quarterfinal trips. The Titans never lost in the postseason before the quarterfinals.

"I've been blessed with a lot of great kids," Blessed Trinity coach Andy Harlin said.

Only twice did the Titans lose double-figure games in a season. They went 24-11 in 2010 and 24-10 in 2011.

Blessed Trinity's 2017 squad which lost to Marist in three games in the Class 4A state championship series went 36-6 and is tied with the 2019 Parkview squad and the 2014 Lambert team for the most single-season victories all-time in Georgia.

Other Notables

Loganville

No team has dominated like the Red Devils have recently. Loganville won four state titles (2012, 2017-19) and also boasted a state runner-up finish (2016), a semifinal trip in 2011 and three quarterfinal appearances. The only time they lost before the quarterfinals was in 2010 when they lost in the second round. Red Devils won 78.6 percent of their games and finished the decade with a combined record of 286-78.

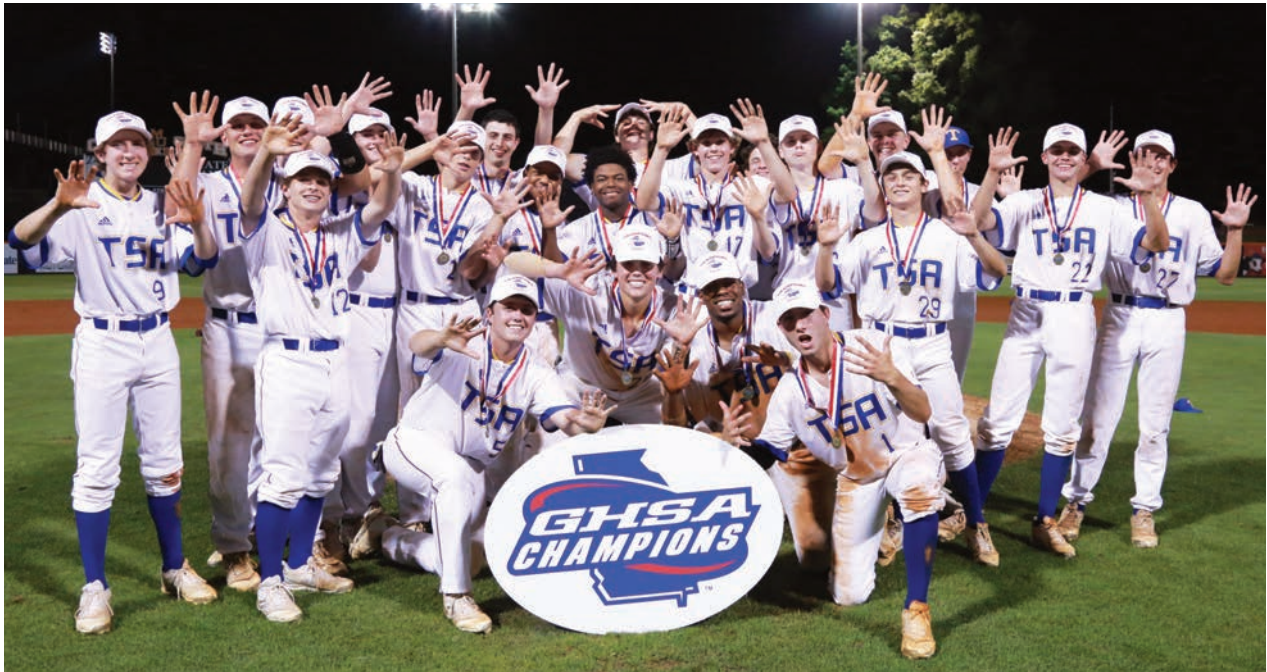

Buford

The Wolves rank as one of the most-consistent programs in the state. Buford captured state titles in 2011 and 2015, finished as state runner-up twice (2016 and '18) and made one semifinal trip and two quarterfinal trips. The Wolves combined to win 76.3 percent of their games and finished the decade with a record of 264-82.

Columbus

The powerful Blue Devils started the decade strong by winning three straight state titles from 2010-12, but they haven't made it past the quarterfinal round since. Columbus won 75.7 percent of its games and finished the decade with a 255-82 record.

Best High School Program – Small Private School

Tattnall Square players pose in 2018 after winning the program's 10th state baseball championship.

Editor's Note: To be nominated for this award, programs must have won a state championship during the decade (2010-19)

No team has dominated the Georgia High School Association in the past five seasons like Tattnall Square Academy. The Trojans are the Best Private Small School program of the Decade.

Since coming over from the Georgia Independent Schools Association in 2015, Tattnall has won three state titles (2016, 2018-19) and finished as the state runner-up in 2017. The Trojans won three consecutive GISA state titles from 2012-14, finished as the state runner-up in 2010 and was a state semifinalist in 2011.

Tattnall Square won 82 percent of its games during the decade and finished with a combined record of 280-61.

Tattnall Square players celebrate after recording the final out against Hebron Christian to win the Class 1A Private School state championship in 2016.

"We have been blessed at Tattnall Square with talented and hard-working student-athletes, as well as the same coaching staff over the last decade that includes Tom Gorman, Kevin Brown, Bryan Kemp and Jordan Brooks," Tattnall Square coach Joey Hiller said.

"It's the consistent and uniform message that our coaches deliver every day that drives us to a high level of success. Our student-athletes have done a fantastic job of buying into the vision of our championship culture and working diligently in their pursuit of excellence. The hard work has certainly paid off in the form of eight state championships, two state runner-up finishes and two semifinal appearances since 2008."

Other Notables

Lovett

The metro Atlanta private school finished the decade with a combined record of 234-115-1 and won 67 percent of its games. The Lions won state titles in 2013, '16 and '18. With the exception of 2019, Lovett made the quarterfinal round or better every season.

Wesleyan

The Wolves won 69 percent of their games during the decade and finished with a combined record of 232-103. Wesleyan captured two state titles (2010, '15), finished as the state runner-up in 2016 and made two trips to the semifinal round.

Hebron Christian

The Lions won just one state title during the decade (2011), but have been a very consistent program. They finished as state runner-up twice (2015, '16) and made two trips to the semifinals. They won 71.3 percent of their games and finished the decade with a combined record of 227-91.

Best High School Program – Small Public School

Schley County players run onto the field after recording the final out against Gordon Lee in 2017 to win the Class 1A Public State Championship, the program's second in three seasons.

Editor's Note: To be nominated for this award, programs must have won a state championship during the decade (2010-19)

Since the Georgia High School Association separated Class 1A into a public and private division in 2013, only four programs – Charlton County, Schley County, Gordon Lee and Treutlen – have won state baseball championships.

While Charlton, Schley and Gordon Lee have won two titles each, Schley County won 79.4 percent of its games during the decade (2010-19) and garnered the Best Public Small School program of the Decade. The Wildcats combined to win 243 games and lost just 63. Schley County won state titles in 2015 and 2017, and they finished as the state runner-up in 2019. From 2013 to 2019, the Wildcats won seven straight region titles.

"We've been blessed to have some great players at Schley over the years and I've been very fortunate to have some phenomenal coaches to work with since we got here in 2004," Schley County coach Chuck Cheek. "All of the guys who were there in the mid to late 2000s helped build the

program and establish an expectation of winning that has carried over each year.

"Winning that first championship in 2015 was special after we had come close so many times. Doing it again in 2017 was more than we ever dreamed of. I'm humbled and proud to be the head coach at Schley and to get to work with some great coaches and young men every day. God has certainly blessed us more than we deserve."

Other Notables

Gordon Lee

The Trojans won 74.4 percent of their games and finished the decade with a record of 242-83. Gordon Lee won back-to-back state titles in 2018-19 and finished as the state runner-up three times (2013, '14 and '17).

Charlton County

The Indians established themselves as a power, winning 74 percent of their games and finishing the decade with a 236-82 record. Charlton won back-to-back state titles in 2013-14 and finished as the state runner-up in 2012. The Indians made two trips to the state semifinals and two trips to the quarterfinals.

Jeff Davis

The Yellow Jackets ended the decade as one of the best small schools in the state. Jeff Davis finished with a 230-105 record, winning 68.6 percent of its games. The Jackets won two Class 2A state titles (2017, '19), went to the semifinals (2018) and had a quarterfinal appearance.

The Dirt Ballers

Blue-collar Panthers win another state title

By Tim Morse

Koby Ayala was proud to wear the T-shirt with the words “Dirt Baller” written on it.

“We wanted to be known as a blue-collar team who worked hard,” the Parkview infielder said. “We knew we might not be as talented as some of the other Parkview teams in the past, but we wanted to be known as a team that worked harder.”

The Panthers claimed their second straight Class 7A state title after sweeping all five rounds of the state playoffs. In the process, the blue-collar squad tied the state-record with 36 victories and just four losses. It was the school’s fifth state title since 2011 and third in five seasons. It was also the school’s eighth overall.

Parkview entered the year needing to replace its top two pitchers from 2018 in Braden Hays and Robert Bennett. And they needed to replace all-state performers Logan Cerny and Isaiah Byars as well as standouts Michael Bryant and Ben Markiewicz on offense. There were some holes to fill, but the Panthers felt like they had a team to contend as All-American catcher Jonathan French, first baseman Stephen Hrustich, infielder Allan Del Castillo and outfielder Makenzie Pate returned.

And over the course of the season, juniors Miles Garrett and Xander Stephens followed what has become the Parkview tradition of shutdown pitching. The duo along with No. 3 starter Cameron Orr and proven reliever Brad Stanley gave the Panthers the necessary ingredients on the mound. But Stephens said it was going to take more than good pitching, defense and hitting to contend.

“Coach (Chan) Brown asked us what our motto should be after people played us,” Stephens said. “We said ‘Dirt Ballers’ because we wanted to be really scrappy. We said we were going to give you everything we had to try and outplay you.”

The preseason No. 1 Panthers opened the season with an 8-6 extra-inning victory over No. 2 North Gwinnett in a thriller, then won three more before falling to nationally-ranked Blessed Trinity in the Georgia Peach Invitational. They lost to Gwinnett County rival Buford a week later in the Perfect Game Showdown in Hoover, Ala. after holding a three-run lead early in the game.

The Panthers regrouped and won 10 straight before dropping two in their spring break trip to Florida where they lost to Venice and Tampa Jesuit.

“We came back from that spring break trip and we said we had to challenge ourselves,” Brown said. “Once we got past those first few region games, it was like we flipped the switch. We always look at the Brookwood series as a playoff series and the guys turned it on.”

That was the turning point in the season.

They finished their Region 7-7A schedule with six straight wins, then swept Peachtree Ridge, North Forsyth, Walton, North Gwinnett and Hillgrove to win another title.

“The guys grew up,” Brown said. “It was a fun group to be around and they challenged each other. I can’t say enough about them. They stepped up and did some really good things.”

On a warm night last May after sweeping Hillgrove at SunTrust Park for the state title, the 2019 Panthers had finally earned the right to be called the “Dirt Ballers.”

CLASS 7A Top 15

1 PARKVIEW

There are teams in Class 7A this year that have more talent than the Panthers, but not many teams can boast that they have a better 1-2 pitching punch than Vanderbilt signee Miles Garrett and Georgia Southern signee Xander Stephens. The duo was the backbone of the team in 2019 that won the Class 7A title for the second straight season. Sure, the Panthers will miss reliever Brad Stanley, but it will be tough to beat Parkview when those two are on the hill. Parkview also has a wealth of proven pitchers who are waiting for their chance to shine and will add depth.

There are some concerns on offense after graduation took players like Jonathan French, Allan Del Castillo and Stephen Hrustich, but Parkview's deep and dominant pitching rotation will hold down the fort until the offense matures and develops. Look for players like outfielder Jonathan Ponder, catcher/first baseman Jack Davis and infielder Ryan Spikes, who transferred from Alcovy, to make their mark.

2 NORTH GWINNETT

This is the year for the Bulldogs to chase a state championship. North Gwinnett returns perhaps more talent than any program in the state and on paper, this team is loaded and full of all-stars. At least four Division I signees will lead the team – catcher Corey Collins (Georgia), pitcher Brandt Pancer (Stanford), infielder John Anderson (Georgia Tech) and outfielder Josh Shuler (South Carolina). Anderson, a transfer from Grayson, will make the Bulldogs that much better.

3 MILL CREEK

The Hawks were rebuilding somewhat in 2019, but they played a lot of younger players. That experience will pay off this spring. Mill Creek returns one of the nation's top players in catcher Alek Boychuk. But two-way player Keaton Anthony, infielder Brendan York and pitcher Zach Green will help the Hawks be a tough team to beat.

4 ETOWAH

This will be Etowah's best baseball team since the Eagles won the Class 7A state title in 2017. Etowah has the pitching and the offense to be a very dangerous team. They won't, however, be sneaking up on anybody this spring.

5 BROOKWOOD

Just when you think the well is dry at Brookwood, think again. The Broncos return a strong senior class and some talented underclassmen. This is a team to keep an eye on.

6 NORTH PAULDING

A loaded junior class will help North Paulding stay among the state's elite programs. The Wolfpack have the offense and the pitching to make another deep postseason run. Watching this young team mature and develop will be fun.

7 MOUNTAIN VIEW

The Bears return two of the state's top players in Garrett Spikes and Kenny Mallory, but the Bears have more solid players to keep an eye on. Mountain View certainly has the talent to make a deep playoff run.

8 WOODSTOCK

The Wolverines will be young but very talented. Woodstock will be tough when its young players mature and develop. Don't count them out this year, but the Wolverines' best season could be in 2021.

9 MILTON

The Eagles will be a team to look out for this spring. Not only do they have exciting shortstop Kristian Campbell returning, but Milton returns top pitchers Logan Jones, Chase Daniels and Tyler McLoughlin. This team will be trouble.

10 WALTON

The Raiders lost a lot last year to graduation, but don't sleep on them. While rebuilding isn't a word spoken often at Walton, the Raiders will be doing that in 2020. But by postseason time, look for Walton to be there.

11 NORTH FORSYTH

The Raiders' lineup is full of seniors and talented underclassmen. After a run to the second round of the playoffs last year, North Forsyth should be even better in 2020.

12 WEST FORSYTH

No pressure, but this should be the best team West Forsyth has ever fielded. Seniors make up the bulk of the roster. Having a player like Wyatt Crowell doesn't hurt either.

13 HILLGROVE

Don't let Hillgrove fool you. They may have lost a lot after finishing as the state runner-up last year, but plenty of younger players are ready for their chance. It may take some time, but the Hawks will be tough by the playoffs.

14 GRAYSON

The Rams return a solid senior class and a lot of young talent. If some younger players mature, Grayson will be in the hunt come postseason time.

15 PEACHTREE RIDGE

The Lions have the players to challenge for the region title. Look for them to be very tough this spring.

Season Outlook: After winning the region title last spring, Walton may be doing some rebuilding this spring after graduation hit the Raiders hard. Look for Walton to still be tough. There is a solid group of returning starters back, including catcher/first baseman Jared Jones, who had a strong freshman campaign in 2019. Infielder Ben Anderson also returns, but the lack of experienced pitching is a concern.

Season Outlook: The past three seasons have been three of the best in Woodstock's baseball history. There is talent for the Wolverines to continue their recent trend, but it needs to mature. The good news is that catching standout David Smigelski (.317 avg., 16 RBIs) returns as well as infielder Colby Cox (.322 avg., 15 RBIs) and versatile Kameron Douglas. The Right Mix

Heritage puts all together, rolls to state title

By Tim Morse

Shane Ramsey sounded a bit cliché-ish when he summed up his 2019 Heritage High baseball team.

"It was great," Ramsey said. "It was hard for me to wrap my head around the season. We had a special group with the chemistry and the way we played for each other. They truly loved each other and they loved me. The name across their jerseys meant something."

The Patriots finished 31-8 and captured the Georgia High School Association's Class 6A state title, their first in school history. The Conyers school had made three trips to the state championship series but had never won a championship – until last May.

Behind a lethal pitching rotation that consisted of starters Griffin Holcombe, Nick Watson-Garcia and Nick Woodward, opponents didn't score much. Heritage pitchers never allowed more than seven runs in a game the entire season and only five times did an opponent score more than five runs in a game. And the Patriots had 11 shutout victories.

If opponents didn't get to Heritage's starting pitchers, they had an even harder time with junior closer Darryl Buggs, who provided short and long relief stints on the mound.

But the foundation of this team was formed many years ago.

"We all grew up together," Holcombe said. "We've all been close for a while. It wasn't like we just came together. We went fishing and hung out with each other, doing stuff together even when we weren't playing baseball."

After the Patriots lost in the second round in the 2018 Class 6A state playoffs after winning the Region 3-6A title, Heritage players knew they had a strong team returning in 2019 and challenging for the region title again wasn't out of the question. The Patriots opened region play with eight straight wins before dropping a game against Grovetown in late March.

"After that hiccup against Grovetown, we reigned them back in," Ramsey said. "And they responded."

The next week was a critical three-game set against Greenbrier, a team expected to challenge for the region title as well. After Heritage needed nine innings to defeat the Wolfpack 1-0 in the first game, it set the tone for the series. Heritage shut out Greenbrier in the next two games and took control of the region standings, eventually running away with the region title. They wouldn't lose again until the second round of the state playoffs when they dropped Game 1 of the best-of-three series to Coffee. But they rebounded to win the next two and took the series.

"It opened our eyes and made us focus more," Holcombe said. "We knew that in the playoffs, the season could be over if we didn't play well."

Heritage then swept Allatoona in the quarterfinals, then ousted Effingham County in three games before meeting two-time defending state champion Pope in the state championship series.

The two split the first two games of the best-of-three series, setting up a winner-take-all Game 3. Buggs said he knew Heritage was going to win.

"We had the right mindset before we got to the field," he said. "We wanted to make history and win the school's first state title, but coach always told us to play for our six seniors. We did that."

The Patriots rolled to an easy 11-4 victory and took home the trophy.

"Chemistry was the biggest key to our season," Buggs said. "We always played for each other."

Class 6A Top 15

1 HOUSTON COUNTY

The Bears won two state baseball titles in a three-year span earlier this decade. While names like Hunt Smith, Tony Locey, DL Hall, Tanner Hall and Jake Fromm highlighted the school's championship teams in 2014 and 2016, the 2020 version could potentially rival both of those state championship squads.

While this spring looked promising for Houston, it began looking even better when former Irwin County standout and Florida State commit Brodie Chestnutt transferred into the school. Chestnutt along with major pitching prospect Jaden Woods and Coleman Willis will give the Bears a lethal rotation.

And offensively, second baseman Jacob Profit, catcher Jeremy White and outfielder Treyson Hughes will help the offense produce big numbers. This team will be fun to watch.

2 POPE

The two-time defending Class 6A champions were dethroned last year by Heritage-Conyers. But it was Pope's fourth straight trip to the state championship series. The Greyhounds have enough to make it back, but if there is a rebuild for the Cobb County power, it would be this year.

Pope has lived off shutdown pitching for the past four seasons. While there are some excellent arms returning, the pitching rotation could potentially be as good as past seasons. But it is unproven.

Big names like Reid Robertson, Nate Shipley and James Tibbs return and will keep the Greyhounds going strong until their youth can mature. When that happens, look out.

3 ALLATOONA

The Buccaneers made another deep postseason run last year and will be expected to do so again. The biggest reason to be optimistic if you are an Allatoona fan is because of a strong pitching staff that consists of right-hander Logan McGuire and left-handers Hunter and Fisher Paulsen.

If the Bucs can generate some offense, they could be playing into late May.

4 CAMBRIDGE

After surviving a tough Region 7 schedule last year and finishing as the region runner-up, the Bears were stunned in the first round of the state playoffs, leaving a sour taste in their mouths. A heavy senior class will keep them in the hunt. Cambridge has enough talent to make a deep postseason run. This is a team to keep an eye on.

5 WINDER-BARROW

The Bulldogs have two of the state best players in Brady House and Hunter Marsh. The defending Region 8 champions will be strong again.

6 JOHNS CREEK

The Gladiators missed the playoffs last year. Don't expect that to happen in 2020. Johns Creek has too much talent not to contend. The pitching rotation led by Tyler Watson and Austin Wainer is enough to keep the Gladiators in the chase.

7 GREENBRIER

The Wolfpack have enough pitching with Chase Dollander, Avery Boyd and Sam Roebuck leading the way to make a deep run. But producing offense has been their downfall. If they can swing the bats consistently, look out.

8 COFFEE

Coach Sy Jones continues to make Coffee baseball relevant again. The Trojans are now on the state scene and this could potentially be their best season in at least a decade. An excellent senior class led by Wes Lott will help Coffee contend.

9 HARRISON

The Harrison coaches believe the Hoyas lost too much from last year to contend. As long as you have a pitcher like Collin Caldwell, Harrison will find some offense. Keep a check on these guys.

10 ALPHARETTA

The Raiders have enough arms to compete for a playoff spot. Surviving the rugged Region 7 schedule will be tough. But Alpharetta should be up to the task.

11 HERITAGE-CONYERS

The Patriots return enough leftovers from their state championship team to contend. They did lose most of their pitching to graduation, but the offense should keep them in games until the rotation matures.

12 LEE COUNTY

The Trojans peaked late in the season last year and made a run to the quarters. Look for Lee to build off that success.

13 VALDOSTA

The Wildcats lost some big names from their 2019 squad. It could take a little time for the 2020 team to mature, but the potential is there for Valdosta to approach last year's success.

14 ALEXANDER

If the Cougars can be consistent on the mound, they could a dangerous team. Left-hander Pierce Williams and right-hander Austin Slate will keep Alexander in the chase.

15 GROVETOWN

The Warriors have shown the past two seasons they can be dangerous, especially in the postseason. Keep an eye on them in 2020.

Others to watch: (Alphabetical Order) Effingham County, Lanier, Northgate, Richmond Hill, River Ridge, Sequoyah

Loganville wins third straight

By Tim Morse

When you mention great high school baseball programs in the Georgia High School Association, the Loganville Red Devils will be at the top of the list.

And their resume is hard to ignore.

In the past 12 years, the school has captured five state titles and in 2019, Loganville became the first team since Columbus High (2010-12) to capture three straight titles. They finished with a 34-6 record and swept all five rounds of the postseason.

It was a strong season for a team that had lost the bulk of its pitching staff from 2018. But Jacob Boyd said he thought the Red Devils had a chance to be pretty good.

"We knew we were ready," he said. "Our team was so close, and we had super good chemistry."

But part of the team's dominant run was because of a bunch of hungry players who had waited patiently for their turn to shine. And when the spotlight came on, they didn't disappoint.

"We wanted out shot," pitcher Connor Bruce said. "We had witnessed the guys before us win titles, and we wanted to get one too."

The Red Devils had two strong starting pitchers in Bruce and Caleb Garner. Head coach Jeff Segars said his offense could hit and returned perhaps the fastest team he'd had in several seasons.

After opening the season with a loss to Winder-Barrow, the Red Devils strolled into the Georgia Peach Invitational in early March and knocked off nationally-ranked Blessed Trinity. They took that momentum to the Perfect Game Showdown a week later in Hoover, Ala. where they shared the Red Division title with region rival Buford.

Since the two teams were scheduled to play each other later that week, they decided not to play the tournament championship game.

Segars said he left the tournament feeling pretty good.

"I felt we had a shot at making another run," he said. "Our pitchers were throwing strikes and we were going to hit. I didn't know if we went to a Game 3 in a series, who we'd throw because we didn't have much depth. But we avoided the injury bug and we were playing well."

Loganville split a pivotal series with Buford in region play the following week, but they lost just two more times the rest of the season in a 28-game stretch. They finished off county rival Walnut Grove in a pair of shutouts the last week of the regular season to clinch the region crown.

They didn't stop until they hoisted the Class 5A state championship trophy by sweeping Ola at Coolray Field for the state title.

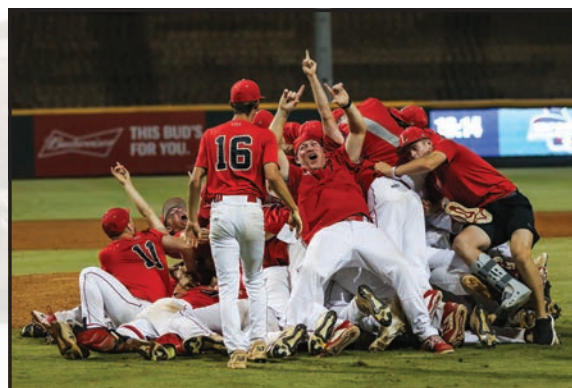

"Once we got on a roll, we felt like there wasn't another option but to win," Bruce said.

And another title put the Red Devils in the conversation as one of the state's top all-time baseball dynasties.

Class 5A Top 15

1 LOGANVILLE

The Red Devils last year became the first team since Columbus High (2010-12) to win three straight state titles. Loganville should continue its dynasty as a new decade begins. The Red Devils, who have won four state titles since 2012, may not be eager to see the last decade end. But they will get off to a promising start in the new decade.

The Red Devils boast some of the state's top talent, including all-state performers Ian King, Daniel Braswell and three-year starter Dylan Strickland. And Loganville certainly wouldn't have had its decade of success without great pitching. That trend will continue. Last year's 11-game winner, Caleb Garner, returns to lead another talented rotation.

2 DECATUR

Don't be surprised if the Bulldogs are still playing into late May. This team has perhaps as much talent as any team in Class 5A with All-American Jordan Walker leading the way as well as a strong pitching rotation led by Jaylen Paden, Eddie Galatas and Jackson Hills. While Walker draws most of the headlines with his bat, the pitching rotation is what will make Decatur a strong contender. After a run to the state semifinals last spring, the Bulldogs are anxious for a return.

A strong senior class that also includes catcher Lukas Clark could help the Bulldogs make history. Decatur hasn't won a state baseball championship since 1948.

3 BUFORD

The Wolves lost a pile of talent from last year's quarterfinal squad, but the future is very bright at Buford. Sophomore right-hander Dylan Lesko leads a young but promising group of pitchers. The offense led by sophomore outfielder Riley Stanford, Joseph Salvo, Eli Ledford and Braden Hartman will help the Wolves score plenty of runs. Buford is still a year away though.

4 OLA

The Mustangs lost a lot after finishing as the state runner-up last year. But there are enough leftovers for Ola to approach last year's success. As long as the Mustangs have players like Patrick Holloman and Baylen Sanders, they will be tough to beat. But don't be surprised if Ola doesn't make another deep playoff run.

5 LOCUST GROVE

A new coach, but Locust Grove will still be a tough team and should make another deep run. Catcher Dalton Laney and a handful of strong pitchers will help the Wildcats be a contender.

6 HARRIS COUNTY

The Tigers made the quarterfinals last year and the bulk of that team returns. Harris County has the pitching with Cole Mathis and the offense with Ryan O'Steen and Cole Stanford returning.

7 STARR'S MILL

The Panthers won 29 games in a rebuilding season in 2019 with a squad full of underclassmen. Starr's Mill will be dangerous, but they could be a year away. Keep an eye on this team.

8 EAST PAULDING

This could be the Raiders' best season since East Paulding made a deep playoff run in 2009 with pitcher Zack Wheeler leading the way. A strong senior class will keep East Paulding in the hunt.

9 RIVERWOOD

After narrowly missing out on winning the Region 6-5A title last year, the Raiders lost a lot of players. However, they set the tone last year and will build from their positive momentum.

10 CARROLLTON

The young Trojans lost a lot to graduation, but don't count them out. Pitcher Colton Cosper and Eli Runyan will keep Carrollton in the chase.

11 WALNUT GROVE

The Warriors made a big statement in coach Carl Allen's first season last year. They look to take things farther this spring. Walnut Grove has enough returning talent to be trouble in Region 8-5A.

12 WHITEWATER

The Wildcats lost a ton of experience to graduation, but expect Whitewater to be back in the hunt. If some younger players mature, the Wildcats could be a team to watch out for.

13 MCINTOSH

The Chiefs won't be surprising anybody this spring. There is enough pitching and offense returning that will help them get back into the playoffs.

14 WAYNE COUNTY

Injuries hurt the Jackets last season and they struggled at times. Wayne County should be much better in 2020. Pitcher Jasper Stanfield will lead the team back to the playoffs.

15 STATESBORO

It's been a while since Statesboro was a major player in the state. That should change this year. With players like Mikal Mascarello and JD Kaiser leading the way, the Blue Devils will be tough.

Others to watch: (Alphabetical Order) Jones County, Kell, Thomas County Central, Union Grove, Veterans, Woodland-Bartow

Playing the best at the right time

Northside-Columbus gets hot, wins first state baseball title

By Tim Morse

They had just suffered a pair of stinging losses to region rivals Hardaway and Columbus High. Spring break was coming and Northside-Columbus coach Dee Miller knew his team needed to play better.

"We made some adjustments in our practices," Miller said. "It's hard to put a finger on it, but our practice approach changed. Little things like playing the ball off our bats during batting practice. The guys understood we hadn't been playing our best and we needed to have a little more success in what we were doing."

It worked.

The Patriots won nine of their final 10 regular-season games, then caught fire in the postseason and rolled to the school's first state baseball championship. Northside's early struggles cost them the region title, and they finished third in Region 1-4A and played just one postseason series at home. But none of that mattered when they hoisted the state championship trophy at Rome's State Mutual Stadium last May. They finished the season with a 32-8 record.

Much of the team's success came from a solid 1-2 pitching punch of Colton Joyner and Conner Sizemore. And Hunter Poe was strong as a reliever.

The team's defense was also solid, but the offense was inconsistent early in the season.

"At the beginning of the year, we had some guys who were hot (offensively)," Outfielder Mack Williams said. "Then in the middle of the year, we had some other guys get hot. But after spring break, everybody got hot and we started playing our best baseball at the right time."

Northside rode its late-season, positive momentum to the state championship series. They swept Eastside and Perry before sweeping perennial power Cartersville in the quarterfinals.

"After we swept Cartersville, that gave us a lot of confidence," Williams said. "We felt like we could beat anybody."

That set up a trip to Region 8 champion North Oconee, who defeated Northside in Game 1 on walk-off single. However, the Patriots defeated North Oconee on Connor O'Neal's walk-off single in Game 2 to set up a winner-take-all Game 3.

Will Graydon, in his only postseason outing, pitched 5 2/3 innings to propel the Patriots to a 3-1 victory and a berth in the state championship series.

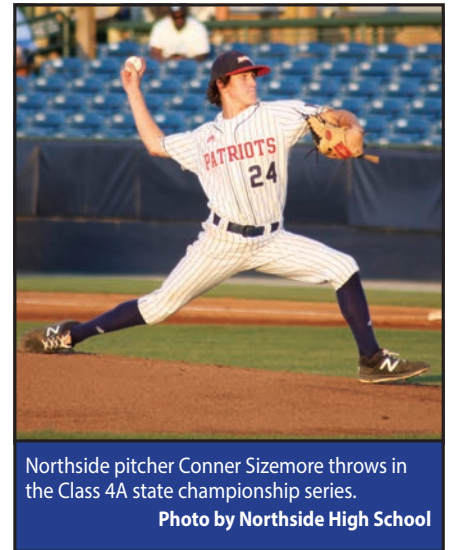

"One thing Coach Miller told us was that the offense didn't always travel, but the pitching had to travel," Joyner said. "For Will Graydon, who hadn't thrown much to be ready like that, it was something. He showed a lot of heart."

Northside faced first-year program and Cinderella story Denmark in the final round and former coach David Smart, who had coached at Northside from 2009-2015. Miller was his assistant coach. Denmark had entered the postseason with a losing record as the fourth seed from Region 7. The Danes had eliminated national-ranked Blessed Trinity in the semifinals.

But the Patriots' showed no signs of stopping, sweeping the Danes for the championship.

"The chemistry was unlike anything I'd ever experienced as a coach," Miller said. "It kind of reminded me of the 2002 Columbus State national championship baseball team I played on. Everybody accepted their role. The dugout guys were incredible. Every game, they were on the railing, cheering guys on. We didn't tell them to. They understood their role and bought in."

Just like the rest of the team.

Class 4A Top 15

1 NORTHSIDE-COLUMBUS

The defending Class 4A state champions captured the school's first baseball title last year. The Patriots may have lost a handful of starters, but Northside has enough leftovers to be the team to beat in 2019. Class 4A Player of the Year Mack Williams is back in the outfield and will lead the offense. Outfielder Hunter Poe, shortstop Walt McConnell and all-state second baseman Tray Richburg and all-state catcher Connor O'Neal also return to spark the offense.

And pitching will be strong. Conner Sizemore should take over as the No. 1 starter, while senior Will Graydon returns. He earned the Game 3 victory in the decisive semifinal round, going 5 1/3 innings, to oust North Oconee and send the Patriots to the state championship series. Poe and Williams can also pitch.

2 BLESSED TRINITY

The cliché that some teams don't rebuild ... they re-load, is often used to describe powerhouse programs like Blessed Trinity. The Titans lost a lot to graduation, but don't expect much of a drop-off. The Titans will again rank among the state's elite programs in 2020. And if some younger players mature and develop, the Titans could be the team to beat by playoff time.

3 DENMARK

The Danes were the story of the year in 2019. A first-year program barely making the state playoffs as the fourth and final seed from Region 7-4A, then winning every round on the road and finishing as the state runner-up. It will be hard to top last season, but Denmark has the majority of that team back and will be expected to challenge for the state championship.

All-state players Matthew Cassandra and Jack Kream return, but the Danes have so many more standouts than those two. Denmark will be very good, but they won't be sneaking up on anybody this year.

4 MARIST

The War Eagles will be as good as advertised. With a strong pitching staff led by Liam Sullivan and William Stephens, Marist can go as far as they want to go if they can survive competing in the rugged Region 7-4A. Keep an eye on this program in 2020.

5 NORTH OCONEE

It might be hard for North Oconee to top its run to the semifinals in 2019, but this year's group will make their own run. The Titans have the talent with versatile Will Pearson leading the way as well as outfielder Woody Barks and junior standout Bubba Chandler. Look for North Oconee to make another deep playoff run.

6 WEST LAURENS

A young team peaked at the end of the season, then made the state quarterfinals before falling to eventual state runner-up Denmark in three games. The Raiders' young talent is very good. This team will be dangerous.

7 FLOWERY BRANCH

Many programs would do anything to have a 1-2 pitching punch of left-handers like Andrew Armstrong and Zander Sechrist. The Falcons have that luxury as well as several more arms who can be very effective. Flowery Branch will be expected to go a long way.

8 CAIRO

The Syrupmakers won't be slipping up on anybody this season. A strong senior class led by versatile Garrett Gainous, Blake Touchton, Hayes Stills and JT Andrews will keep Cairo in the hunt.

9 WOODWARD ACADEMY

The War Eagles lost several playmakers from their 2019 squad that made the state quarterfinals. But top pitcher Will Sanders and outfield prospect DA Allen will keep Woodward Academy in the chase. If some younger players mature, look out.

10 LAGRANGE

This could be the team to watch out for in Class 4A. The Grangers steadily improved in 2019 and they will continue this spring. A strong corps of juniors and seniors will help LaGrange get back into the elite category.

11 CARTERSVILLE

The tradition-rich Purple Hurricanes have some major holes to fill after a quarterfinal trip last year. The talent is young and inexperienced, but Cartersville will always be there when the playoffs come around.

12 MARY PERSONS

The Bulldogs won 25 games last year and the Region 2-4A title. With the bulk of that team back, Mary Persons could take things farther in 2020.

13 NORTHSIDE WHITFIELD

The Bruins will be entertaining with two of the state's top players returning in Hank Bearden and shortstop Matthew Redmond.

14 COLUMBS

The Blue Devils have a lot of talent, but it is inexperienced. But Columbus High has enough leadership and talent to contend.

15 EASTSIDE

The Eagles' entire starting lineup returns from last season. Eastside has the potential to be very good this spring.

Season Outlook: In a rebuilding season in 2019, Heritage won 17 games and still made the state playoffs. Look for the Generals to be better this spring and contend for the region crown. The team is still relatively young as only one senior starter returns. Infielder/pitcher Caden Snyder and infielder/catcher/pitcher Alex Mixon were promising as sophomores last season.

Something special

Pike County captures first state baseball title

By Tim Morse

Don Hanson didn't want his thoughts to get out to too many people. But the longtime Pike County baseball coach told his assistant coaches and a few folks in his inner circle.

He believed his 2019 Pike County team had a chance to be special.

"We started preseason workouts in October with speed agility, strength and conditioning," Hanson said. "Halfway through that, and by the time January came around, you could see the focus and the team come together. I had already told our coaches, but two weeks into practice in January, I told the team I believed we had a chance to be special."

Hanson was right. The Pirates went 34-4 and captured the school's first state baseball championship. Two of their losses were to higher classification schools Houston County and Ola.

The championship was a sweet ending for a program that also believed it had a chance in 2018 before stumbling in the quarterfinals of the GHSA Class 3A playoffs. Pike had lost nine seniors to graduation from that team, but they returned a promising pitching rotation of Coleman Crow, Noah Windhorst and Dylan Garner. That rotation, they believed, was good enough to keep them in the chase.

"We weren't sure if we could score many runs," Garner said. "But we felt like with the staff we had, if we could score three to five runs in a game, we felt we could win. We had that much confidence in our pitching staff."

After starting the season 4-0, the Pirates lost a nonregion contest to Houston County before embarking on a 16-game winning streak. After beating Jackson 11-0 in a key Region 4-3A game on April 2, the Red Devils got even three days later with a 5-4 win, a loss Hanson said helped his team more than it hurt.

"We had a good run to start the season," he said. "But that loss was an eye-opener for us. From there, we started doing everything we needed to do to win a championship."

Pike lost just once more – a one-run setback to Class 5A runner-up Ola – in its regular-season finale. The Pirates then swept Long County and Islands before needing three games to eliminate Fannin County in the quarterfinals. They swept Hart County in the semifinals before sweeping Pace Academy in the championship series.

While Crow said the starting pitching was strong, he said having strong relievers like Coleman Boynton and Chad Davis to help out made things easier. And by the postseason, the offense began to click, making the Pirates that much more dangerous.

"We grew up playing together," Crow said. "We knew we'd get it done. But there was something to be said about our team chemistry."

After the championship victory, Hanson said he had some time to gather his thoughts and he remembered what he told the team during the preseason.

"We could see the potential, but we told them they had to be selfless and relentless," he said. "But we also had faith and believed in each other."

They believed all the way to the state championship.

Class 3A Top 15

1 FANNIN COUNTY

The Rebels will prove that last year's Region 7 title and run to the state quarterfinals wasn't a fluke. Fannin County welcomes back the best set of pitching of any team in Class 3A. Led by all-state pitcher Carson Beavers, versatile Matthew Shirah and top closer Blake Rogers, it will be tough to beat the Rebels in a three-game set.

In addition to a dominating pitching staff, the Rebels have the offense to back it up. All-state infielder Gabe Buchanan (who can also pitch) leads an offense that also includes Jerritt Holloway and Miles Johnson. The biggest obstacle will be competing in a rugged region that doesn't have any automatic region victories.

2 HART COUNTY

The Bulldogs caught fire late last year, made the state playoffs and went to the semifinals before getting eliminated by eventual state champion Pike County. Along the way, the Bulldogs ended the seasons of perennial state powers Lovett and Ringgold.

Top pitchers Casey Tallent and Will Dean anchor a rotation that will make the Bulldogs a major factor. But the offense won't be too shabby either as catcher Luke Lee and infielder Chase Dalton as well as all-state outfielder Malachi Thomas are all back.

3 NORTH HALL

The Trojans started slowly in 2019, stayed the course with a lot of young players and made it to the state semifinals. The experience North Hall gained will pay off this year. The Trojans will be a very dangerous team.

4 WESTMINSTER

When you have players like Parks Harber and Will Lybrook returning, that alone is worthy of a Top 5 ranking. Injuries hurt the Wildcats last year, but in the process, a lot of younger players got playing time. Look for that to pay off in 2020.

5 JEFFERSON

The Dragons lost a lot from last year's squad that dropped just three games. Jefferson has some excellent players, but they will need more to approach the success they've had the past two years.

6 REDAN

The Raiders, like most schools in Region 5, lost a lot to graduation. But look for Redan to reload and make another deep playoff run. When you have players like hard-throwing right-hander Donye Evans as well as seniors Brandon Lawrence and Branden Lamback, the Raiders won't be going anywhere.

7 CALHOUN

Don't be surprised if this isn't Calhoun's best team since the Jackets won the state title in 2010. Calhoun has all the ingredients to be scary good. But the Jackets will need to keep growing and mature. Next year could potentially be even better.

8 PIKE COUNTY

The Pirates lost two of their best pitchers in Noah Windhorst and Coleman Crow as well as a bunch more talent. The Pirates will still be good with pitcher Dylan Garner leading the way.

9 LOVETT

A first-round playoff exit last year was unusual for the Lions. Lovett has some excellent returners, but they need more to step forward. The rebuild will continue in 2020, but don't ever count out Lovett.

10 PACE ACADEMY

After finishing as the state runner-up, Pace Academy lost a lot last year. The bad news for their opponents is they will reload.

11 RINGGOLD

There is no way most teams can lose the caliber of players Ringgold lost last year to graduation and still be back in the chase. It will happen at Ringgold this spring. The Tigers have a good foundation and they could be dangerous by postseason time.

12 BENEDICTINE

The Cadets' first season in Class 3A was a good one until they were rudely eliminated by Crisp County in the second round. Benedictine still has Carter Holton around as well as some excellent upperclassmen and will be tough again.

13 CHEROKEE BLUFF

The Grizzlies made the playoffs in their inaugural season in 2019. Look for Cherokee Bluff to be even better in 2020.

14 MORGAN COUNTY

Just because the Bulldogs lost a lot to graduation doesn't mean they won't be good. Morgan County has a talented group of seniors anxious to keep the school among the state's elite programs.

15 APPLING COUNTY

The Pirates won 25 games last year with a young team. The majority of that talent returns. Don't sleep on this team.

Others to watch: (Alphabetical Order) Cook, Crisp County, Dawson County, East Jackson, Greater Atlanta Christian, Jackson, Long County, Pierce County, Worth County

Jeff Davis captures second title in three years

By Tim Morse

There was very little experience that returned on the Jeff Davis High School baseball team. But there was plenty of talent.

When catcher Colby Marchant saw the Yellow Jackets were ranked 11th in the Georgia Dugout Preview Magazine's preseason Class 2A rankings, he and many others took it personal.

"It ticked us off," said Marchant, one of three who returned with meaningful experience from the 2018 squad. "We'd won at every level we'd played at, and we knew we had some good players."

Head coach Paul Glass knew there was talent, but he often talked about the unknown. After perhaps the greatest two-year run in Jeff Davis baseball history, Glass wasn't sure how the 2019 squad would come together. After steadily improving, the Jackets won the Region 2-2A title, then rolled to their second state championship in three years last May when they topped Rockmart in three games. Jeff Davis' recent history includes two state titles and a state semifinal appearance in 2018.

But the 2019 team was going to be different.

"We knew it was going to be hard because we were so young and we hadn't made a name for ourselves yet," junior Garrison Miles said.

After graduating a large senior class in 2018, the Jackets started the season 5-1 before sweeping Metter in its first region series of the year. They then took down Class 7A foes Colquitt County and Tift County before jumping back into Region 2-2A play. The Jackets won 11 of their next 12, then needed just one win in a three-game set against Bacon County in the final week of the regular season to clinch the region crown. Jeff Davis did just that and after starting the season at No. 11, they climbed to No. 2 in the polls as they entered the state playoffs.

They swept East Laurens in the first round, ousted Fitzgerald in three games in Round 2, then swept past Region 8 champion Social Circle in the quarterfinals. That set up a semifinal matchup with Bleckley County, a team they took two from in the regular season. The Royals took Game 1, 1-0, before Jeff Davis rallied to win the second game. In the third and decisive game, the Jackets made five errors in one inning and trailed by six runs before rallying for a dramatic 13-12 victory to win the series.

"Five errors in one inning, you usually never win those kinds of games," Glass said. "But we kept telling them to keep playing because you never know what might happen. You love to see guys get rewarded for that. It's something I was very pleased with."

In the state championship series, the Jackets lost Game 1, but they rallied to win the second and third games to win the series. Junior shortstop/pitcher Britt Metts said he wasn't surprised.

"We've always been a group that have been close and worked hard," Metts said. "We knew we were way better than to quit, so we were going to go until it was over."

And when it was over, the Jackets took another state baseball championship trophy back to Hazlehurst.

Class 2A Top 15

1 JEFF DAVIS

The Yellow Jackets are working on a mini-dynasty among smaller schools in Georgia. Last year in what many labeled as a rebuilding season in Hazlehurst, Jeff Davis won its second Class 2A state title in three seasons. And the Jackets are poised to win another one in 2020 with the bulk of last year's team returning.

On paper, Jeff Davis doesn't have a lot of weaknesses to exploit. The team's top two pitchers – Caleb Leggett and Garrison Miles as well as top reliever Britt Metts – return, as well as a deep rotation that features a wealth of talented underclassmen. If this unit lives up to expectations, the Jackets could be hoisting a third championship trophy in late May.

Offensive-wise, catcher Colby Marchant, Leggett and Metts, who was the Class 2A Player of the Year, return to lead an offense capable of scoring a lot of runs.

2 ROCKMART

What a ride it was in 2019 for Rockmart, who came within one game of winning the school's first state baseball championship. Optimism is high in 2020, especially when you have a player like Ty Floyd, one of the nation's top pitchers. It will be tough to beat Rockmart when Floyd is on the hill, but the Jackets have more talent. Evan Ratcliff, Brayden Cole and Cooper Yanzetich will help out on the mound.

On offense, Reed Couch, CJ Culver, Cole, junior Andruw Morris and Yanzetich lead an offense that should make things easy on the pitching rotation. This team is going to be fun to watch. If Rockmart's season ends anytime before the state championship series is played in late May, it will be a surprise.

3 BACON COUNTY

The senior class is strong for the Red Raiders and don't be surprised to see Bacon County make a deep playoff run. The pitching, offense and defense are there for the Raiders to be a very dangerous team.

4 BREMEN

The Blue Devils appeared to be the favorites to capture the Class 2A state title last year until Bleckley County eliminated Bremen in the quarterfinals. Some of that talent graduated, but enough returns to help the Blue Devils stay among the state's elite.

5 CALLAWAY

The Cavaliers, as usual, made a late postseason run in 2019, missing the state championship series by one game. Callaway will be back this spring. The five returning starters are excellent, and the roster is full of talented underclassmen that should keep the Cavaliers hungry.

6 ELBERT COUNTY

The Blue Devils have the offense returning and if they can find some pitching depth, Elbert County will have its best team since they finished as the Class 2A runner-up in 2017. A hungry group of underclassmen will help Elbert County stay among the state's best.

7 BLECKLEY COUNTY

The Royals sputtered early in the season in 2019, then caught fire late and made a run to the state semifinals. Bleckley County will build off that momentum. And if they can build some pitching depth, look out. The offense is capable of putting up big numbers.

8 THOMASVILLE

The Bulldogs definitely have the pitching to contend. If they can get their offense to support their pitchers, the Bulldogs could be looking at a deep postseason run. Stay tuned.

9 HARLEM

A solid senior class will keep the Bulldogs in the chase. If the Bulldogs can get Jordan McCladdie to return to the form he showed as a sophomore in 2018, they will be a dangerous team. Pitcher Dylan Smith and shortstop Colton Lopez will help Harlem make a run.

10 VIDALIA

The Indians have steadily improved in coach Brent Korn's first two seasons. In Year 3, Vidalia will keep climbing. The Indians will still be a relatively young team, but the talent is there for them to make another run at the playoffs.

11 MODEL

The Blue Devils made serious improvement in 2019. Look for Model to take things up a notch this spring. The pitching is there with Rett Edwards and Daulton Waddell leading the way, while Region Offensive Player of the Year Brody Pearson also returns.

12 WESTSIDE-AUGUSTA

A second-round exit from the state playoffs wasn't what Westside was looking for last season. The Patriots have enough ingredients to make another playoff run. Keep an eye on them.

13 HEARD COUNTY

The Braves felt like they underachieved last spring. Don't look for a repeat. A first-round postseason exit left Heard County hungry for a return. They have the players to make a strong postseason run this year.

14 BANKS COUNTY

The Leopards were in the hunt for the Region 8-2A title until the last week of the 2019 regular season. Enough ingredients are back for Banks County to be on the state scene this season.

15 METTER

The Tigers returned to the state playoffs last year as the No. 4 seed from the rugged Region 2-2A. Metter will be even better in 2020.

Others to watch: (Alphabetical Order) Berrien, Dade County, Fitzgerald, Union County, Washington County

No Flinch

Resilient Gordon Lee wins another state title

By Tim Morse

Gordon Lee pitcher Jake Wright had the perfect description for his high school baseball coach Mike Dunfee.

"He's one of the most inspirational guys I know of," Wright said. "Whatever he says usually gets us fired up."

In 2018 when the Trojans won their first state title since 1984, Dunfee used the term 'ding-ding,' referencing the sound the bell makes signaling the beginning and ending of a boxing match. He compared the baseball season to two boxers battling each other in a prized fight. His players knew when he used that motto, it was time to go.

In 2019, Dunfee needed something different to motivate. Late in the regular season, he used the phrase, "No flinch."

It worked as the Trojans rolled to their second straight GHSA Class 1A Public state championship.

"We were in the region championship game and we were down 6-0 in the bottom of the sixth," Dunfee said. "Justin Wooden was in the on-deck circle and one of our assistant coaches was trying to cheer us on, telling us to let's go. Justin turns around and tells him not to worry. He said we had this. We ended up winning 7-6 in extra innings.

"Those guys on the team never flinched, they just kept playing the game."

Dunfee said before he knew it, T-shirts were printed with "No flinch" and the phrase became a rallying cry.

After losing a wealth of offense, the Trojans entered the 2019 season with some holes, but they knew a strong 1-2 pitching punch of Wright and Jake Poindexter returned. They also had Logan Streetman, Brody Cobb and Hunter Hodson, a trio who were strong in relief. Cade Peterson and Tanner Wilson also were strong on the mound.

But there were some concerns on offense.

"We knew pitching was always going to be there," infielder JD Day said. "At the beginning of the year, pitching got us through, but eventually, the hitting came around and we took off. By the playoffs, some guys were really stepping up."

Dunfee praised Chris Potter and Day for providing a spark, then he said players like Peterson who hit at the bottom of the lineup helped out. The Trojans finished with a 32-5 mark.

"I was scared the guys were going to get complacent," Dunfee said. "But we set the tone early. We didn't talk about the 2018 team one time. I did tell them my feelings after we won the state title. I told them I was excited, ecstatic and then I was mad because it was over. I didn't want them to think because we finally had won one in 2018, they could get complacent."

Gordon Lee got better as the season continued.

After getting a first-round bye in the playoffs, they swept Jenkins County, Seminole County and Bowdon before meeting Schley County, who denied the Trojans the 2017 Class 1A Public title. Before Schley County defeated Gordon Lee in Game 1 of the state championship series, the Trojans were riding a 13-game winning streak and did not lose a game in April.

But Gordon Lee rallied to win the final two games and hoisted another championship trophy. Dunfee said it was a fun ride.

"Whenever adversity hit, they kept playing," he said. "Those guys stepped up and they executed."

And they didn't flinch.

Class 1A Public Top 15

1 GORDON LEE

It's been 27 years since a Class 1A program has won three consecutive state titles. Pace Academy was the last team to accomplish the feat from 1993-95 in the state's smallest classification. But Gordon Lee has a chance to join Pace in the history books. If the program continues to mature, the Trojans should do just that.

The Trojans return two of the top two pitchers in Class 1A in Jake Wright and Jake Poindexter. Meanwhile, offensive catalysts JD Day and versatile junior Brody Cobb return to spark the offense.

This Gordon Lee squad may not have the ability to dominate like the last two championship programs have, but the 2020 version certainly won't disappoint. They have all of the pieces to make another run at a third title.

2 SCHLEY COUNTY

There are few programs in the Class 1A Public classification that can match Schley County's baseball success the past five seasons – two state titles, one state runner-up finish, a semifinal and a quarterfinal appearance. The Wildcats lost some key players from last year's state runner-up squad, but Schley will reload this spring and make another run at a championship.

A trio of seniors – Garrett Peavy, Trent Bivins and Dylan Taylor – will lead the young Wildcats, but don't sleep on a very talented group of underclassmen. Once this group gets some experience, look for Wildcats to make another deep run. This should be an exciting team to watch.

3 JOHNSON COUNTY

The Trojans have one of the best 1-2 pitching combos in the state in three-year standout pitcher Adam Hooks and Brett Caneega. Johnson County has the ingredients to challenge for a state championship. Caneega (also a catcher) and Hooks will give Johnson a chance to win each time they take the mound, but there are more pieces of the puzzle to keep the Trojans among the state's elite.

Versatile Dra Darrisaw and Rhett Wombles should help the Trojans have one of their best baseball seasons in school history. Stay tuned.

4 BOWDON

The Red Devils struggled last year, then caught fire in the postseason and made a run to the state semifinals before getting swept by eventual state champion Gordon Lee. Bowdon has a wealth of experience returning. The senior class is small, but a strong corps of underclassmen will help keep Bowdon among the best in the classification.

The program has made back-to-back trips to the state semifinals. Is 2020 the year they get into the championship round?

5 CHARLTON COUNTY

The young Indians may be a year away from reaching their full potential. The 2020 season has the potential to be a special one if some younger players mature.

6 TELFAIR COUNTY

The Trojans have the most returning talent in the rugged Region 2. Telfair County could very well be the team to beat in region play.

7 COMMERCE

The Tigers can be as good as they want to be in 2020. The offense will be there, but the pitching staff must develop quickly. If that happens, look out.

8 WILCOX COUNTY

This will be the best Wilcox County squad in the past 15 seasons. The Patriots have the talent to do more.

9 ACE CHARTER

The Gryphons got a taste of postseason baseball last year. And they liked it. With most of the team back, ACE should be dangerous.

10 CLINCH COUNTY

The Panthers lost a lot, especially on the mound. But don't sleep on Clinch, who will be in the hunt by playoff time.

11 IRWIN COUNTY

Graduation and key transfers hurt Irwin County. But there is enough returning for the Indians to be back in the postseason. It just needs time to mature.

12 HAWKINSVILLE

The Red Devils were one of the state's most-improved teams last year. Look for Hawkinsville to keep getting better.

13 BACONTON CHARTER

The Blazers lost a good bit, but the cupboard isn't bare. An excellent group of seniors will still keep Baconton in the playoff hunt.

14 SEMINOLE COUNTY

The young Indians will be trouble when they mature. Keep an eye on this program.

15 PELHAM

The Hornets have enjoyed the best two-year run in recent memory. Pelham will continue to be a dangerous team this spring.

Pursuit of perfection

Tattnall Square rolls to another title

By Tim Morse

The statement from assistant coach Kevin Brown is just as motivating today as it was some 11 years ago when Brown told former player and now assistant coach, Jordan Brooks.

"He said to expect perfection and accept only excellence," Tattnall Square Academy head baseball coach Joey Hiller said. "That goes to the absolute core of who we are at Tattnall. When he said that, I was like, 'ding-ding-ding.' That is the foundation of this program. We will continue to use that."

After winning the Class 1A Private state championship in 2018, the Trojans expected perfection and rolled to another championship in 2019, the school's 11th baseball championship in their history. And with the exception of one extra-inning loss during spring break to Calvary Christian of Columbus, Tattnall nearly rolled through the regular season undefeated.

When the postseason came, they received a first-round bye. Then they swept Athens Christian in the second round, then needed three games to eliminate Strong Rock Christian and Hebron Christian in back-to-back rounds before sweeping Savannah Christian in the championship series.

The Trojans finished the season 34-3 and made history. Under Hiller, no single Tattnall Square class had played for four state baseball titles in a row – until last year.

"Every year at Tattnall, it's expected to win a state baseball title," said Trey Ham, the team's catcher last season and one of the seniors who played for a state title every year of his career. "A lot of it is because of the tradition under Coach Hiller. We worked nonstop to make that happen."

The Trojans won state titles in 2016, 2018 and 2019. They made the semifinals in 2015, their first season of competing in the Georgia High School Association, then they finished as state runner-up in 2017. Only Class 5A power Loganville can match Tattnall Square's success during the past five seasons.

"Every day, we tried to be the best version of ourselves, whether it was on the field or off the field," said pitcher Brooks Gorman, who according to MaxPreps was the winningest high school pitcher in the nation last year with 15 victories.

"We stepped onto the field and wanted to be perfect. If we worked for that, excellence was going to come out of it. I heard that statement (from Coach Brown) a few times last year."

Hiller was especially proud of the senior leadership. He said they helped keep the younger players focused and got things done, especially when Strong Rock Christian and Hebron Christian gave the Trojans all they could handle in the postseason.

"We impressed upon those guys and we wanted them to know that was not how we played ball," Hiller said of the postseason losses. "We told them they needed to fix it. And they did."

Tattnall met Savannah Christian in the state championship series, a rematch from 2017 that Savannah Christian won.

But the Trojans swept, outscoring the Raiders 22-1 in the two games.

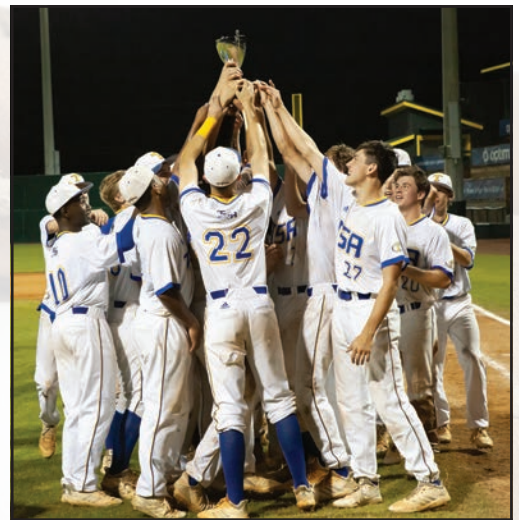

"It was a great year, everything we wanted it to be," Hiller said. "We set the bar high all the time."

And excellence comes.

Tattnall Square pitcher Dawson Brown proved to be a major weapon for the Trojans in 2019.

Class 1A Private Top 15

1 TATTNALL SQUARE

The Trojans have dominated since joining the GHSA in 2015. And the road to the Class 1A Private state championship will have to go through the two-time defending state champions. The Trojans have some key players to replace, but the pitching rotation is strong with the return of 15-game winner Brooks Gorman and right-hander Dawson Brown.

Offensively, replacing names like Trey Ham behind the plate and outfielder BJ Spears won't be easy, but Tattnall will reload with a wealth of underclassmen waiting for their chance to step into the spotlight. Outfielder Brett McHugh returns, but a trio of juniors – Carter Fink, Hunter Alexander and Bo Hatcher – will be the next group of big names coming out of Tattnall Square. Look for the Trojans to be the team to beat once again.

2 WESLEYAN

Before a heart-breaking loss to Savannah Christian in Game 3 of the state semifinals last year, Wesleyan had shown it may be a year away from playing its best baseball and having its best team. That year is now. And the Wolves could be the program that dethrones two-time defending Class 1A Private champion Tattnall Square – at least for this year.

Wesleyan has the pitching and the offense to challenge. A strong senior class that boasts catcher Charlie Taylor and pitchers Wyatt Copeland, Jamie LaFramboise and Holden Wilder is enough to make any team a contender. Then the underclassmen may be just as talented as Jalen Fulwood and James McCoy are back as well as Cooper Blauser and Druw Jones, who were sensational as freshmen last year.

3 HEBRON CHRISTIAN

If the Hebron Christian squad that showed up late in 2019 shows up this season, the Lions could be chasing a state championship. The majority of last season's team is back, including top pitchers in Mason Ashby, Nathan Alexander and Zach Kwiatkowski and top reliever Jackson Boyd. Hebron Christian has gotten to the state finals and the semifinals in coach Ben Drust's four short years. Is this the year the Lions break through? There is enough talent for Hebron to make another deep run.

4 STRONG ROCK CHRISTIAN

The Patriots have been consistent winners the past three years. This should be the year they take things a step farther. With players like Joseph Eichelberger, Tiger Borom and pitchers David Chenoweth and Spencer Wilkins, look for the Patriots to be strong again.

5 SAVANNAH CHRISTIAN

A new coach, but the Raiders have enough leftovers to make another deep postseason run. Seniors Kyle Hilton and Joey White can do a little of everything.

6 FELLOWSHIP CHRISTIAN

The Paladins had their best season in 2019. They lost some key players, but a lot of talent returns. The team is young, but don't count them out.

7 HOLY INNOCENTS'

The Golden Bears underachieved last season, barely making the playoffs in a season filled with high expectations. A strong senior class will help the Bears be back in the chase this season.

8 LAKEVIEW ACADEMY

The Lions won't be sneaking up on anybody this season after winning the region title last year. This should be the best Lakeview squad since 2010.

9 MOUNT VERNON PRESBYTERIAN

Just because the Mustangs lost all-everything player Tres Gonzalez doesn't mean they won't be back in the hunt. Mount Vernon returns good pitching, hitters and defense. They will be tough again.

10 MOUNT DE SALES

The Cavaliers return a large bulk of talent from last year's team that won 20 games. Most of those players return as Mount de Sales will be in the postseason mix again.

11 ATHENS CHRISTIAN

The Eagles will build off last season's late surge. Athens Christian returns enough talent to make the state playoffs again.

12 CALVARY DAY

The Cavaliers peaked at the end of the season last year and made a solid postseason run. Calvary has the pitching and the offense to be dangerous.

13 MOUNT PARAN CHRISTIAN

After a rebuild in 2019, the Eagles should be back behind a strong senior class. Mount Paran's pitching staff can take them a long way.

14 SAINT FRANCIS

The Knights lost a lot of talent to graduation, but there is enough returning for Saint Francis to challenge for the postseason again.

15 FIRST PRESBYTERIAN DAY

A new coach won't stop FPD from competing for a postseason berth. As long as special players like Harrison Aulds and Hudson Mimbs are around, FPD will be tough.

Season Outlook:

After getting off to a slow start last year, the Red Devils rebounded and made a solid postseason run. Bowdon returns eight players off that team, including pitching standout Braden Bowen (9-3, 3.50 ERA) and outfielder Ben Fortson. The Red Devils have enough ingredients to make another run at the playoffs.
